

# SAUSAL WINERY

## 2008 Century Vines Zinfandel Alexander Valley

Our Century Vines Zinfandel is made from estate grown Zinfandel vines planted along Sausal Creek prior to 1877. These vines are still producing juice Sausal considers to have the truest varietal characteristics of any they have sampled.

Rich, layered and elegant... nothing less than you have come to expect from these ancient vines. Blackberry pie, baking spices, a hint of vanilla on the nose along with medium body and soft tannins.

The 2008 Century Vines Zinfandel is drinkable now, but with a few more years in the bottle will offer an even greater reward. Whether you enjoy it now, or cellar it for a few years, pair this wine with wild game or marinated pork tenderloin.
